

71.6 percent of the abortions in Georgia are performed on African-American women while only 22.3 percent of the abortions are performed on white women.

*A black woman is
OVER FIVE TIMES
as likely to have an abortion as a
white woman.*

WHAT ABOUT BLACK BABIES?

More than one in three pregnancies (38.6 percent) among African-American women in Georgia end in abortion. Black babies face death at a much higher rate than white babies, Asian babies, or any other group of babies.

*A black baby is
over FOUR TIMES
as likely to die from abortion as a
white baby.*

THE REALITY OF ABORTION

Abortion is the ending of the life of a baby. It is a violent attack on a helpless child.

The photos on the following pages show the reality of abortion.

Please look at them closely.

WHY DO AFRICAN-AMERICANS HAVE ABORTIONS MORE OFTEN THAN ALL OTHER GROUPS?

Obviously, the answer to this question is complex. There are many factors influencing a woman's decision to obtain an abortion. Factors include poverty, marital state, and the level of support from the father, family, and friends.

But one thing separates African Americans from others.

*BLACK BABIES HAVE BEEN
TARGETED BY RACISTS.*

The founders of the abortion movement in the United States, Planned Parenthood, developed a strategy decades ago to make abortion legal and to influence black leaders and the government to encourage black women to abort their children.

We need to defend the children in the African-American community.

Please inform others.

BLACK BABIES MATTER

What was the number one killer of black people in the state of Georgia in 2022? Was it ...

- Homicide with 928 deaths?
- Diabetes with 1192 deaths?
- Accidents with 2,085 deaths?
- Heart disease with 2,142 deaths?
- COVID with 1,512 deaths?
- Cancer with 5,263 deaths?

No, it was abortion. At least 24,967 blacks died in 2022 in Georgia from abortion (GA Dept. of Public Health). Abortion accounts for 45.2% of ALL black deaths in Georgia in 2022.

Abortion is the number one cause of death for blacks in Georgia.

THE IMPACT OF ABORTION ON THE BLACK COMMUNITY

African-Americans make up 33 percent of the population in Georgia. Whites make up 59 percent. There are almost two whites for every black in Georgia, BUT...
