

74.6 percent of the abortions in Georgia are performed on African-American women while only 19.6 percent of the abortions are performed on white women.

*A black woman is
OVER SIX TIMES
as likely to have an abortion as a
white woman.*

WHAT ABOUT BLACK BABIES?

Almost one in three pregnancies (30.65 percent) among African-American women in Georgia end in abortion. Black babies face death at a much higher rate than white babies.

*A black baby is
FIVE TIMES
as likely to die from abortion as a
white baby.*

THE REALITY OF ABORTION

Abortion is the ending of the life of a baby. It is a violent attack on a helpless child.

The photos on the following pages show the reality of abortion.

Please look at them closely.

WHY DO AFRICAN-AMERICANS HAVE ABORTIONS MORE OFTEN THAN ALL OTHER GROUPS?

Obviously, the answer to this question is complex. There are many factors influencing a woman's decision to obtain an abortion. Factors include poverty, marital state, and the level of support from the father, family, and friends.

But one thing separates African Americans from others.

*BLACK BABIES HAVE BEEN
TARGETED BY RACISTS.*

The founders of the abortion movement in the United States, Planned Parenthood, developed a strategy decades ago to make abortion legal and to influence black leaders and the government to encourage black women to abort their children.

We need to defend the children in the African-American community.

Please inform others.

**BLACK
BABIES
MATTER**

What was the number one killer of black people in the state of Georgia in 2024? Was it ...

- Homicide with 756 deaths?
- Diabetes with 1,201 deaths?
- Accidents with 1,716 deaths?
- Heart disease with 2,020 deaths?
- COVID with 205 deaths?
- Cancer with 5,458 deaths?

No, it was abortion. At least 18,314 blacks died in 2024 in Georgia from abortion (GA Dept. of Public Health). Abortion accounts for 38.9% of ALL black deaths in Georgia in 2024.

Abortion is the number one cause of death for blacks in Georgia.

THE IMPACT OF ABORTION ON THE BLACK COMMUNITY

African-Americans make up 33 percent of the population in Georgia. Whites make up 58 percent. There are almost two whites for every black in Georgia, BUT...
